### NYC Firefighters

New York City firefighters said they are upset they cannot go to this year's 9/11 ceremony. The terror attacks happened ten years ago, so this is the 10th anniversary. The city mayor's office said there was not enough space for the firefighters or other rescue services. A total of 343 firefighters and 60 police officers died that day. Religious leaders are also angry that there will be no prayers at the ceremony. Instead, there will be poetry readings. One newspaper said it was a religious ceremony, but without the religion.

## Grammar

### *Verb + object*

The *verb* and the *object* of the verb normally go together. We do not usually put other words between them:

	<i>verb + object</i>		
I	like	children	very much. ( <i>not</i> 'I like very much children')
Did you	see	your friends	yesterday?
Ann often	plays	tennis.	

Study these examples. Notice how **the verb** and **the object** go together each time:

- Do you **clean** **the house** every weekend? (*not* 'Do you clean every weekend the house?')
- Everybody **enjoyed** **the party** very much. (*not* "Everybody enjoyed very much the party")
- Our guide **spoke** **English** fluently. (*not* '... spoke fluently English')
- I not only lost all my money – I also **lost** **my passport**. (*not* 'I lost also my passport')
- At the end of the street you'll **see** **a supermarket** on your left. (*not* '...see on your left a supermarket')

Duration: 24-26 minutes

## Place and time

Usually the verb and the place (where?) go together:

go home

live in a city

walk to work etc.

If the verb has an *object*, the place comes after the *verb + object*:

take somebody home

meet a friend in the street

*Time* ( when? / how often? / how long? ) normally goes after *place*:

	<i>place</i> +	<i>time</i>	
Tom walks	to work	every morning.	(not 'Tom walks every morning to work')
She has been	in Canada	since April.	
We arrived	at the airport	early.	

Duration: 27-30 minutes
